67th Border Det: Thirty-five men, armed with rifles and 12 submachine guns with drum magazines. No mines had been laid in the border sector guarded by the detachment.

25X1  Comment:

The report confirms and supplements previous information on the 6th Border Guard Bn in JSORRA. The MOSONSZENTJANOS 15th Border Guard Co and the training company (temporarily dissolved) are new units of the battalion. It is very unlikely that the training company is located in NAGYKANIZSA, since it would be far from its superior battalion headquarters and also in the area of another border guard battalion (9th Border Guard Bn). Further information is required to determine if the training company was moved to the Yugoslav border in connection with the reinforcement of border guard troops in that area, and subordinated to the 9th Border Guard Bn and if the 13th Border Guard Co, which was reportedly transferred to the Yugoslav border, is still subordinate to the 6th Border Guard Bn.
